CAMPAIGN FINANCE &
PUBLIC DISCLOSURE BOARD

Mr. Jeff Sigurdson:

As per your letter Dated July 28, 2011, I am responding to the points in your letter.

- 1) The only person I had communications with is Mike Campbell.
- 2) I worked directly with Mr. Campbell.
- 3) I am pleased that the Browns Creek bonding was done. In a conversation subsequent to the newspaper story and preceding your letter, Mr. Campbell informed me that the budget settlement was a late night deal that he had no connection to. Throughout the legislative session he did inform me that he was tracking the bill and that we were fine.
- 4) I received daily updates as to the status of our legislation but to my knowledge; he did not communicate directly with any groups listed. That is to say at no time did he ever have a conversation by saying "I talked to Senator X and he/she informed me"
- 5) Mr. Campbell did not appear before any groups or issue any communication urging individuals to call. He simply provided me with updates on the status of legislation we were following.
- 6) Mr. Campbell provided me with status updates on various legislation.

Sincerely,

Ken Harycki
Mayor of Stillwater
